Participant 1

FSC Global V...
Introducing you the second draft of FSC Conversion Remedy Procedure

WHY THE PROCEDURE?
History of discussion on conversion in FSC, background of conversion policy and conversion remedy procedure.
WHY CONVERSION POLICY?

PLANTATION REVIEW
FSC convened Expert team D to develop analysis and proposal on conversion rules.

GA 2011
Motion 18 requested that a chamber-balanced working group shall be established.

GA 2014
Motion 12 asked FSC to fast-track the implementation of motion 18.
GA 2017

Motion 7: Membership requested FSC to develop a holistic policy on conversion, and appropriate treatment at P&C and indicators levels.

Read FSC Green paper on conversion here for further information.
1. 1994 cut-off date
2. Principles for compensation on past conversion
3. Concept of acceptable conversion

1. Criteria, indicators and thresholds for conversion
2. Develop a conversion remedy procedure

1st Public Consultation on the Procedure
April – June 2020 with 135 Participants from 38 Countries

Overview of Consultation Participation

- FSC member: 43%
- Certificate holder: 21%
- Certification body: 6%
- FSC International staff: 1%
- FSC Network Partner staff: 8%
- ASI: 2%
- Consultant: 3%
- Other: 16%

FSC Sub-Chamber Based Participation

- Economic North: 17%
- Economic South: 18%
- Environmental North: 12%
- Environmental South: 12%
- Social South: 7%
- Social North: 12%

Please refer to the synopsis report available here to view results from the 1st public consultation, and to understand how the Motion 7 Technical Working Group (TWG) considered these comments during the development of the second draft procedure.
THE STRUCTURE OF THE PROCEDURE

**Part 1**
Application of the procedure and the establishment of grievance system.

**Part 2**
Baseline assessment to identify harm and agree on required remedy.

**Part 3**
Concept note to define remedy project feasibility and commitments.

**Part 4**
Remedy plan to define remedy project implementation and desired outcomes.

**Part 5**
Implementation of the remedy plan and the initial implementation threshold.

**Part 6**
Monitoring of the ongoing implementation of remedy plan.

---

**MILESTONE 1:**
Agreement signed & Grievance system established.

**MILESTONE 2:**
Harm caused by conversion and required remedy agreed with affected rights holders.

**MILESTONE 3:**
Concept note approved by Third Party Verifier.

**MILESTONE 4:**
Remedy plan approved by Third Party Verifier & affected rights holders.

**MILESTONE 5:**
Initial implementation threshold reached and eligible to apply for FM certification.
THE STRUCTURE OF THE PROCEDURE

PART 1
Application of the procedure and the establishment of grievance system.

PART 2
Baseline assessment to identify harm and agree on required remedy.

MILESTONE 1:
Agreement signed & Grievance system established

MILESTONE 2:
Harm caused by conversion and required remedy agreed with affected rights holders

PART 3
Concept note to define remedy project feasibility and commitments.

MILESTONE 3:
Concept note approved by Third Party Verifier

PART 4
Remedy plan to define remedy project implementation and desired outcomes.

MILESTONE 4:
Remedy plan approved by Third Party Verifier & affected rights holders

PART 5
Implementation of the remedy plan and the initial implementation threshold.

MILESTONE 5:
Initial implementation threshold reached and eligible to apply for FM certification

PART 6
Monitoring of the ongoing implementation of remedy plan.

MILESTONE 6:
Benefits of the remedy project may be utilized

FM certification applicant
Association applicant
**PART 1_D1-0**

**Cut-off rule**
Policy on Conversion Draft 2-0

**Small-scale smallholders**
Dispensation criteria

---

**PART 1_D2-0**

**Cut-off rule**
Policy on Conversion Draft 4-0

**Small-scale smallholders**
Dispensation criteria

**Conversion threshold**
Determine the constitution of conversion
THE STRUCTURE OF THE PROCEDURE

MILESTONE 1: Agreement signed & Grievance system established

Part 1
Application of the procedure and the establishment of grievance system.

MILESTONE 2: Baseline assessment to identify harm and agree on required remedy

Part 2
Baseline assessment to identify harm and agree on required remedy

MILESTONE 3: Concept note to define remedy project feasibility and commitments

Part 3
Concept note to define remedy project feasibility and commitments

MILESTONE 4: Remedy plan approved by Third Party Verifier & affected rights holders

Part 4
Remedy plan to define remedy project implementation and desired outcomes

MILESTONE 5: Initial implementation threshold reached and eligible to apply for FM certification

Part 5
Implementation of the remedy plan and the initial implementation threshold

Part 6
Monitoring of the ongoing implementation of remedy plan

FM certification applicant

Association applicant

MILESTONE 2:
Harm caused by conversion and required remedy agreed with affected rights holders

MILESTONE 4:
Remedy plan approved by Third Party Verifier & affected rights holders

Benefits of the remedy project maybe utilized
Baseline assessment report
- Findings and analysis of environmental and social harm caused by conversion
- Site selection and proposed remedy actions
- Identified affected rights holder, affected stakeholders

Site selection & remedy action
- Additionality and longevity
- Proportionality and equivalence
- Maximize conservation outcomes and social benefits
- Prioritization of site selection
- Social remedy shall consist of agreed processes with affected rights holders

PART 2_D2-0

Converted area
Identification and mapping

Affected rights holders & affected stakeholders
Indentification by independent assessor

Social baseline by Independent assessors
- Social and cultural values
- Legal and customary rights to land
- Livelihoods
- Violation of human rights
- Ecosystem services lost within and emulating from the converted area.

Environmental baseline
- The size of the converted area
- The quality, forest condition including levels of degradation
- Ecosystem attributes lost
THE STRUCTURE OF THE PROCEDURE

Part 1
Application of the procedure and the establishment of grievance system.

Part 2
Baseline assessment to identify harm and agree on required remedy.

Part 3
Concept note to define remedy project feasibility and commitments.

Part 4
Remedy plan to define remedy project implementation and desired outcomes.

Part 5
Implementation of the remedy plan and the initial implementation threshold.

Part 6
Monitoring of the ongoing implementation of remedy plan.

MILESTONE 1:
Agreement signed & Grievance system established.

MILESTONE 2:
Harm caused by conversion and required remedy agreed with affected rights holders.

MILESTONE 3:
Concept note approved by Third Party Verifier.

MILESTONE 4:
Remedy plan approved by Third Party Verifier & affected rights holders.

MILESTONE 5:
Initial implementation threshold reached and eligible to apply for FM certification.

Benefits of the remedy project maybe utilized.

FM certification applicant
Association applicant
PART 3_D1-0

THE RESTORATIVE CONTINUUM
Improving biodiversity, ecological health, and ecosystem services

Concept note, baseline assessment report & FPIC agreements verified by Third Party Verifier (TPV)

PART 3_D2-0

THE RESTORATIVE CONTINUUM
Improving biodiversity, ecological integrity, and ecosystem services

Initial Environmental remedy threshold*

THE SOCIAL REMEDY CONTINUUM
Redress for identified social harms through an FPIC-based process

Initial Social remedy Threshold*
THE STRUCTURE OF THE PROCEDURE

**MILESTONE 1:** Agreement signed & Grievance system established

**Part 1**
Application of the procedure and the establishment of grievance system.

**Part 2**
Baseline assessment to identify harm and agree on required remedy

**MILESTONE 2:**
Harm caused by conversion and required remedy agreed with affected rights holders

**Part 3**
Concept note to define remedy project feasibility and commitments

**MILESTONE 3:**
Concept note approved by Third Party Verifier

**Part 4**
Remedy plan to define remedy project implementation and desired outcomes

**MILESTONE 4:**
Remedy plan approved by Third Party Verifier & affected rights holders

**Part 5**
Implementation of the remedy plan and the initial implementation threshold

**MILESTONE 5:**
Initial implementation threshold reached and eligible to apply for FM certification
