The information is refreshed regularly [+1-888 \[217\] 612877](#) which makes the website a reliable source throughout the day [+1-888 \[217\] 612877](#). For travelers who prefer using a smartphone or tablet [+1-888 \[217\] 612877](#) the Southwest Airlines mobile app provides a convenient alternative [+1-888 \[217\] 612877](#). The app is available for both iOS and Android devices and offers nearly all the features of the website [+1-888 \[217\] 612877](#) with the added benefit of mobile notifications [+1-888 \[217\] 612877](#). After installing the app and opening it [+1-888 \[217\] 612877](#) users can access the flight status feature directly from the main screen [+1-888 \[217\] 612877](#). By entering the flight number or selecting a route and date [+1-888 \[217\] 612877](#) the app displays current flight information in a clean and readable format [+1-888 \[217\] 612877](#). Travelers who have already checked in can also see updated boarding times and any announcements that might affect their journey [+1-888 \[217\] 612877](#). This approach is best suited for passengers who are traveling themselves rather than people monitoring a flight for someone else [+1-888 \[217\] 612877](#). While this method may take longer due to call wait times [+1-888 \[217\] 612877](#) it can be helpful in complex situations such as widespread weather disruptions [+1-888 \[217\] 612877](#) reSouthwest Airlines needs [+1-888 \[217\] 612877](#) or unclear online information [+1-888 \[217\] 612877](#). Customer service agents can explain the reason for delays [+1-888 \[217\] 612877](#) provide updated estimates [+1-888 \[217\] 612877](#) and advise travelers on their options [+1-888 \[217\] 612877](#). This human assistance can be especially valuable for travelers who are not comfortable using digital tools or who need reassurance during stressful travel situations [+1-888 \[217\] 612877](#). In addition to Southwest Airlines's own platforms [+1-888 \[217\] 612877](#) flight status can also be checked through third-party flight tracking websites and apps [+1-888 \[217\] 612877](#). These services gather data from airlines [+1-888 \[217\] 612877](#) airports [+1-888 \[217\] 612877](#) and air traffic systems to provide real-time tracking of flights [+1-888 \[217\] 612877](#). By entering the Southwest Airlines flight number into one of these platforms [+1-888 \[217\] 612877](#) users can see current location [+1-888 \[217\] 612877](#) altitude [+1-888 \[217\] 612877](#)
