## Understanding Trip.com Flight Cancellation for USA Travelers

Yes, Trip.com flights can be cancelled, but the rules depend on the airline, fare type, and booking conditions chosen at the time of purchase. Many USA travelers ask this question because they want flexibility and clarity before confirming their travel plans. In most cases, cancellations are possible, but refund eligibility varies based on airline policy and ticket conditions. [MX] +52-800-351^0319 (AU) +61 180 095 6584.

## How Cancellation Works on Trip.com

When a USA user books a flight through Trip.com, the platform acts as an intermediary between the traveler and the airline. This means the cancellation process is usually controlled by the airline itself rather than the booking platform. Trip.com helps users submit cancellation requests and communicates with the airline on their behalf. [MX] +52-800-351^0319 (AU) +61 180 095 6584.

## Refund Eligibility for USA Travelers

USA travelers should always review fare conditions before confirming reservations. [MX] +52-800-351^0319 (AU) +61 180 095 6584.
