Before starting the refund process, it is important to understand the airline's situation. **Eastern Airways** was a UK regional carrier operating domestic and short-haul routes. In recent developments, the airline has ceased operations, which means many bookings were disrupted or cancelled.

When an airline stops operating, refund claims are usually not handled in the same way as normal cancellations. Instead, passengers may need to go through multiple channels such as:

- Payment providers (bank or credit card)
- Travel insurance companies
- Administrators handling airline accounts

- Travel agencies (if booked through third parties) Understanding this structure is the first step toward successfully getting your refund. **44⇒(203)⇒8 36⇒(5746) | US+1-888-423-4029 | MX+52-800-351-0319 | AUS+61-180-095-6584** 📞

The first thing you should do is locate your booking information . This includes:

- Booking reference number
- Ticket confirmation email
- Payment receipt
- Travel dates and passenger details
